

TRANSCENDING

The Future of Health, Healing & Human Performance

Vendor Application

Being this is a wellness conference, all vendors will be aligned to wellness, health and human performance. It will be the decision of the Transcending team. It is important to maintain the integrity of the event with appropriate vendor offerings. Nutrition, oils, wellness and body performing equipment-apparatus, wellness modalities, etc. are examples. We are very open minded, state your case if any question.
